TERMS: Payment with order. Please include \$3.00 shipping and handling on orders under \$25.00; above that, prepaid in U.S.; foreign shipping extra. Most items shipped UPS, please include street address. Some smaller items sent Parcel Post. Satisfaction always guaranteed. I have tried to accurately list and describe all items; however any item may be returned, same condition as received, within seven days of receipt, postpaid by you for a full refund.

A word about grading: I have thought for some time that the grading system as currently being used by most dealers, needs at least one more category to accurately describe the condition of used tools. That classification is 'excellent'; which means a tool is better than 'fine'; but not quite 'new' or 'mint'.

A big percentage of the tools we offer for sale will fall in the 'excellent' category -- items with 75% or better Japanning, painting, plating, etc., and (with some exceptions) have original parts without defects, damage, repairs, etc. Any exceptions are always noted.

I intend to offer the best tools available; of use to both collectors and craftsmen. Some tools may require cleaning, as time does not permit me to clean all tools offered, and some collectors prefer not to clean antique tools, anyway.

Satisfaction always guaranteed, or refund. (See terms above).

I am always interested in tools both common and rare; let me know what you have for sale.

It is best to call to reserve items of interest to avoid disappointment, as most items are only one of a kind in stock. Items will be held seven days pending arrival of your check. I am at home at somewhat irregular hours, but someone will be here most of the time to take your message, and advise you as to what items are available. You may call any day between 9:00 A.M. and 10:00 P.M. Central time. My number is: 309-367-2273.

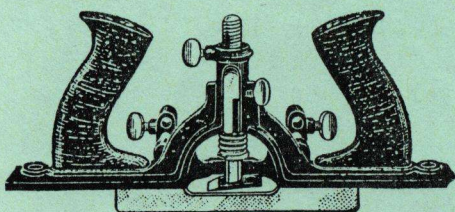

We do not have an answering machine, so if no answer, please try again later.

Illinois residents add 6.25% sales tax.

Address for UPS shipments: 521 E. Mt. Vernon St., Metamora IL 61548.

ANTIQUE & COLLECTIBLE STANLEY TOOLS

A Guide to Identity and Value -- By John Walter

Information on 1500 tools, 700 illustrations, 450 pages, this volume covers more than 600 Stanley tools manufactured during 130 years of the company's existence, 1854 to 1984. It features information on dates of manufacture, current market value, uses or function of each item, selected notes of interest, special or standard features, types of materials used in construction, finish, dimensions, and sizes. Profusely illustrated, this useful work also in-

cludes such sections as the Stanley Company history, excerpts from early Stanley catalogs, a chronology of the firm's acquisitions (of other tool companies), a foreword by Fred Curry (renowned Stanley Tool authority), an introduction by the author, a brief glossary of terms, a bibliography, a numerical index, and suggested reading of related interest.

Whether you are a veteran collector or a beginner in this exciting and growing field, this book is 'must' reading, and a valuable addition to your reference library. 460 pages, 5½"x8½" inches, paperbound. \$24.95 pp.
